

Chris Naggs

Avid Offline / Symphony / Final Cut Pro

Profile

Having begun cutting at The Joint, Chris is a great offline and online Avid editor who has worked with a wide range of clients including MTV, Eyeworks, BBC, Done and Dusted and many others. He has extensive experience working in both children's and music television, and is equally at home finishing and grading a show, as he is building and shaping pieces from scratch. He has an inherent musical sense, an outgoing personality and a good sense of humour, adding up to a very useful and adaptable editor.
