

Jason Denning

Avid offline / Symphony Editor / Final Cut Pro

*** Winner of Broadcast Young Talent Award for Best Online Editor ***

Profile

With a passion and instinct for editing since the age of 17. Jason has forged a successful freelance career in London's talented Post Production industry.

His creativity, versatility, speed and technical knowledge means he is highly sought after, with 8 years of Broadcast and Film experience from the off-line through to online and grade with Avid and FCP, and having worked in all areas of the industry - including Promos, Commercials, Film, Entertainment, Documentary and more.

A graphic design background allows him to apply new angles to aspects of his work, with Compositing and graphic experience in Photoshop, Illustrator and After Effects.

Extensive experience in tight deadlines for live events means he can stay very calm under pressure, always producing his best work due to his high standards with a reputation for being one of "the fastest in the west (end)".

New to Feature films, Jason's cinematic style lends itself perfectly to creating flow and realism to a scene. His talent for creative editing also brings new angles to drama to bring it into the 21st century.

Feature Films

"Baseline" Avid Offline. 92mins

Starring Jamie Foreman (Inkheart, Oliver Twist, Layer Cake) and Dexter Fletcher (Lock, Stock and Two Smoking Barrells).

Baseline explores the dark and sometimes explosive world of running an East End London nightclub. Danny (Freddie Connor) is a nightclub manager and having fought his way to his dream life he is determined to stay there. When his best friend Paul (Gordon Alexander) arrives owing money to Danny's crime-connected boss, his life takes a dramatic turn for the worse. Loyalties are tested and friendships are pushed to their limits.
